

Instructions for Completing Material Profile Sheet

For Thelen Sand & Gravel, Inc.

Thelen Sand & Gravel, Inc. operates two CCDD facilities. The first is located at 28955 W. Route 173, Antioch, Illinois. The second is located at 914 W. Route 120, Lakemoor, Illinois. Material Profile Sheets are specific to each CCDD Facility. Please ensure that you are completing the correct form for where the material will be taken. If you would like to be approved for dumping at both facilities then you must complete a set of forms for both facilities. The facility name is located on the Material Profile Sheet at the top under "Clean Construction Demolition Debris".

1. Site Owner – Owner of the Property, Company Name, Responsible party – Name, Title, Phone number, email address.
2. Operator\Excavator – Contractor performing the excavating, Company Name, Responsible Party – Name, Title, Phone Number, Email
3. Hauler\Trucker – Name of trucking company that will be transporting material.
4. Name of Company\Account to be billed under – Name of the company \account that will be entered into our system for billing (who is responsible for billing on this job).
4. Job/Project Name – Name to be used on tickets and invoicing
5. Job/Project Address – include street address, municipality and county. If this is a linear project along streets please include each street with beginning and ending intersecting streets.
6. Type of Material – list type of material
7. Volume of Material – provide estimate of truckloads or cubic yards
8. Certification – Signature and Title of either Site Owner or Operator. Must be an officer of company.

Any questions please email environmental@thelensg.com or call Matt Thelen @ 847-838-8835
